CLASS DESCRIPTION

PILATES Matwork	This class includes exercises that may help with back problems, flexibility, improves posture, balance, breathing and core strength. Suitable for all abilities – A Clinical Pilates Class.
PILATES Matwork With Chair Support	This class is specifically designed to help with mobility, stability and strengthening. Postural correction. It is a mixture of Pilates, Physiotherapy. For those who are able matwork is also included. Class members can also work from a chair.
ZUMBA GOLD	A fun exercise to music class with no jumping or floor work. Aimed at 50 plus but good for all age groups. No pressure to conform, no need to know how to dance or need for a partner. Just fun exercise in disguise.
Spine Care Pilates	This class is great for anyone new to Pilates who just wants to improve overall well being, feel more flexible and stronger for day to day activities or if you have been advised by GP / Physio etc to do Pilates. Great for general back conditions and stability.
Hula Fitness Workshops	A Fun approach to fitness, trim the waistline and improve cardio vascular fitness – low impact exercise at own pace (seasonal)
Men on Mat	Core conditioning to help improve back stability, deep abdominal tone to help with all aspects of life and sport
ONE-TO-ONE	Pilates Personal training / Recovery and Rehab sessions can really help to get you started and ensure proper form in class. Rehab if you have recently been injured and are post physio. These sessions ensure you keep up with your physio exercises and reduce the risk of pain or injury re-occurring.
